10+ Years of CompuBrain | Letter from the Board

10 Years, Rising & Shining
A Letter to CompuBrain Patrons

It gives us immense pleasure to inform you that this year CompuBrain completes 10 years in the Internet Industry. So far so good, CompuBrain has digitized the Businesses of many reputed brands across the globe and has successfully enhanced their digital presence.

Today, we stand tall on a portfolio that is not only diverse and strong but also a responsible one that represents Indian Industries & Institutes to the outside world on the Internet.

To describe in numbers, serving over 650 reputed clients, CompuBrain has registered over 18,000 domain names, designed and developed over 10,500 websites, optimized over 21,000 keywords for businesses and is currently hosting more than 15,000 email addresses including yours.

We cater to more than 150 Social Media Accounts. We connect over 8 million people daily and engage over 4.5 million people each day on the Internet which makes us a Social Media Power House.

Your trust adds more responsibilities on our shoulders and we have continuously strived to maintain pace with the current and future trends of the Internet Industry.

Last year we introduced “Branding Square” a venture from our Digital Mining Team that holds more than 4,000 ready to use brand names with their .coms. This year, we are ready to introduce “Social Media 2.0” a new phenomenon for connecting your brand to the social media, you shall read more about this product from us by December this year.

With this letter I, Bijoy Patel along with the entire board and team members of CompuBrain wish to express our sincere appreciation to all our clients, patrons and associates for their loyal support as we celebrate our tenth year in business. Today, our lives at CompuBrain are much more dynamic than I anticipated it to be and the credit goes to your encouragement and trust.

The next 10 years, we commit to invest heavily in our people and technology to ensure we continue To Make the Internet a Better Place.

With Optimism,
CompuBrain
