It is a well known fact the organization is known by its members and their contribution to it. It is very essential for an organization to have a strong team to succeed and grow.

Team CompuBrainTM comprises of young talent, aspiring engineers and designers with the guidance and leadership of experienced professionals in Tier 2 directed by visionaries and top management in the Tier 1.

“Individuals in CompuBrainTM live by the name itself”, says our Business Head, Mr. Bijoy Patel.

A strong Team CompuBrainTM is composed of budding operations specialists and experienced managers who guide their juniors and subordinates rather than give orders.

“At CompuBrainTM the relationship is more like a Mentor and a Mentee relation as opposed to Employer and Employee relationship” says our Client Director, Mr. Kunal Mohkar.

“I have learned more about technologies and different ways in which technologies and associated software can be utilized to generate better output for our clients and stay efficient at time management”, says Hiren Doshi, Member and Support Engineer, Team CompuBrainTM. Coinciding are the views, in general and varying with the department they work for, of other members of Team CompuBrainTM.

Zest for better performance, hunger for knowledge, “We” as opposed to “I” and dedication are some of the traits exhibited by Team CompuBrainTM. This subsequently results in better output for our clients as well as for CompuBrainTM as an organization.

CompuBrainTM is glad and proud of such a team.

Our Mission for 2010

::Lets make CompuBrainTM a Verb::
